

Highway City

The economy of Jaipur is growing on a fast rate with the development of Special Economic Zones and infrastructural development in and across the city. The development of Metro Rail project is on its full swing, while the work on the Bullet Train has started. The City, which is known for its cultural and architectural heritage, has been a tourist attraction for a long time. In the recent past Mahindra SEZ and Bagru RICCO economic zones were started for the industrial development and the city is growing at a brisk pace.

Highway City, a township located on the Jaipur Ajmer National Highway 8, is strategically positioned with all the developments going on in Jaipur. Situated adjacent to Mahindra SEZ, it is in the heart of all developments across the city. It is equidistant from Kishangarh Airport and Jaipur Airport.

The township is located just a stone's throw away from the highway making it a convenient as well as peaceful place to reside. The Highway City has all the facilities and amenities making life easy and hassle free.

The plots in Highway City are available in various sizes, making it convenient for you to invest. Installment payment plans are available to make your investment experience easy and convenient.
